# TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

*By Appointment.*

**Loch Torridon** is an arm of the sea surrounded by bold, red looking mountains. In parts it closely resembles a Norwegian fjord, especially in winter time. In December the sun never shines on the southern side, and a weird effect is produced when its first rays light up the village of Fasag and the promontory of Ploc where the crofters have their holdings.
